

Directions

Color in the pictures and shapes. Cut out the large square along the red lines. Place printed side down and fold the four corners until they meet in the center. Turn the folded square over. Fold each corner to the center. Fold the small square in half in both directions. Turn the project over to see the four squares that say "Keep Our Water Clean." Place your fingers into the "tents" and form small cones.

To Play

Have a friend choose a word from the "Keep Our Water Clean." Spell out the word while moving the game in alternating directions with each letter. Have a friend choose a number. Repeat the same motion while counting that number. Have a friend choose a picture. Ask the question. Open the panel to read the answer.

Take turns playing the game and be a winner for clean water!
